

Hospital Textiles by AJM

Touch of true care!!

www.ajmtextiles.com

Our Brief

Every product for healthcare, perfected!!

At AJM Textiles India, our journey begins with how a product makes you feel — not just how it looks.

It's the calm of clean, well-made sheets, the quiet comfort of a blanket that brings warmth during recovery, the softness of a towel that eases everyday care, and the reassurance of textiles built for healing environments.

What follows is a collection of thoughtfully designed hospital textiles — crafted to meet clinical standards, and made to feel like home.

We are a business with the spirit of a start-up and the backbone of a manufacturer. What began as a vision to bring emotion and excellence to hospitality textiles — is today a growing brand serving 200+ clients across hotels, hospitals, spas, and export markets.

At AJM, we believe comfort is a form of care. Our hospital textile collection is designed to meet the clinical rigors of healthcare while never losing sight of the human experience. Every fabric we create is built to deliver hygiene, softness, and peace of mind — across patient rooms, ICUs, long-stay units, and day-care facilities.

Pillows

Foam Pillows – Durable Support for Daily Care

Our mattress materials cater to diverse comfort needs. **PU Foam** is **lightweight** and **economical**, ideal for cost-effective setups. **Memory Foam** offers **neck and spine support**, while **Memory Foam Gel** ensures **cooling** comfort. **Latex** is **hypoallergenic**, breathable, and durable.

Hollow Fiber Pillows – Lightweight & Economical

Ideal for **high-turnover environments**, this pillow is made with **breathable** hollow **fiber filling** for added comfort. It's **lightweight** and easy to handle, making it a cost-effective and washable choice for everyday use.

Microfiber Pillows – Plush Comfort, Built to Last

Designed to replicate the **luxurious feel**, this pillow is filled with **ultra-fine polyester microfiber** for exceptional comfort. It **maintains softness** and **shape** over time and is both hypoallergenic and hygienic, ideal for sensitive users.

Blankets & Duvets

Fleece Blankets – Lightweight Warmth for Everyday Care

Crafted from **soft, warm fleece**, this blanket is ideal for hospital use. It's **lightweight, durable, and easy to maintain**, designed to withstand frequent washing . Available in calming colors, it offers a consistent, **comforting experience with long-term reliability.**

Duvets – Luxury Layering for Premium Patient Experience

Crafted for **refined comfort in premium hospital rooms**, these duvets offer warmth while remaining lightweight. They come in **white or custom colors** . Ideal for ICUs, long-stay facilities, and VIP suites, they **elevate patient experience.**

Curtains

Durable Materials for Clinical Use

Made from **high-grade polyester**, this fabric is built to **withstand frequent washing and disinfectants**. It retains strength and appearance over time, making it ideal for reliable clinical use.

Comfort-Focused Design

Featuring a **mesh top panel for ventilation**, this design **promotes airflow**, ensuring better comfort and hygiene for patients in clinical settings.

Easy, Reliable Installation

Compatible with **channel tracks, C-hooks, and eyelets**, this setup allows for **smooth movement and quick installation**, ensuring efficiency in busy clinical environments.

Mattress

Built to Withstand, Designed for Comfort

This mattress combines **high-density foam** with antimicrobial technology for durability and hygiene. A **waterproof outer cover** ensures easy maintenance, while customizable sizes, thicknesses, and foam densities allow it to fit every bed with precision and comfort.

Safety in Every Layer

Crafted with **fire-retardant materials** to ensure patient safety, this mattress features a **foldable design** that adapts seamlessly to adjustable beds. Its durable construction is built for the demands of high-use environments.
